WHY US

Fat Macy's is a social enterprise committed to providing opportunities in catering and hospitality to unemployed Londoners facing homelessness.

A percentage of our profits go into a housing deposit fund. At the end of our work experience programme, trainees can apply for grants to cover a deposit to move into rented accommodation and smaller essential items.

Every meal you eat from us gets someone closer to secure housing and a stable life.

ABOUT OUR FOOD

CREATIVE & SUSTAINABLE

Inspired by Middle Eastern cuisine, our menus focus on personality, taste, seasonal ingredients. We use the very best of British produce, sourced from smaller suppliers who share our values and respect for the environment.
